TILTIFY FUNDRAISING EVENT
OCTOBER 21ST – NOVEMBER 25TH

THE PROBLEM

Despite the rising presence of girls and women in gaming and esports, these spaces are still areas of harassment, abuse, unhealthy pressure, and predatory practices – mirroring and often amplifying what girls and women experience in the physical world.

But these constraints and risks are also catalysts for change! Girls and women are coming together on various platforms to advocate for their rights and to create alternative visions of what gaming and esports should be.

ONSIDE GAMING FUND

ONSIDE Gaming is a fund that will support girl/women/nonbinary-led initiatives that promote and advocate for gender justice in esports and gaming.

The creativity and innovation needed to achieve gender justice are already out there within the bonds of sisterhood and solidarity. All they need now are the resources to put their ideas into practice!

The call for applications for the ONSIDE Gaming Fund will open on November 25th, 2021

MISSION & VISION

ONSIDE Gaming envisions a world where girls and women exercise their right to play, and will drive a sustained cross-sector movement that re-imagines and transforms gaming and esports for women and girls.

TOGETHER, WE WILL CHANNEL RESOURCES TO SUPPORT GIRLS, WOMEN, AND NON-BINARY INDIVIDUALS TAKING ACTION IN LOCAL, GLOBAL, AND VIRTUAL COMMUNITIES TO BUILD A MORE EQUITABLE GAMING ECOSYSTEM.

Girls Make Games, 2021
